We're delighted to be able to host our showcase this year at the newly renovated Lutterworth Athletic facility, with people travelling from all over we wanted somewhere that could be accessible for all.

PERSONAL PROFILE

My name is Ben Mills, im 17 years old and currently play for Chipstead FC in the Isthmian League. I have previously played for Crystal Palace and Bromley Football club, playing in predominantly forward positions. I love scoring goals but I love assisting them just as much, im a team player, leader and natural born winner as demonstrated through my captaincy across club level at different age groups. Some of my accolades include numerous league titles with Bromley FC, 2 consecutive trebles as well as competing in the National Cup Final representing my District Croydon.

I believe that I would make a great fit for any soccer program due to my leadership and strong ability to work as a team. Across the 11 years I have been playing soccer I have played with and alongside many different players and personalities. This has allowed me to adapt to numerous unique characteristics as well as thrive in a diverse environment, something I expect to be similar in the USA. I also believe I would bring traits of strong work ethic and determination as shown through both my achievements within sport and academically. I give 110% on and off the pitch and always strive to be the best I can be.

PERSONAL PROFILE

I'm Archie Floate, a passionate central midfielder with a very high work ethic. I am an excellent passer of the ball who loves to break lines with my passing. I enjoy pressing the ball and gaining back possession with my tackling ability. I also get numerous assists partly because I am an excellent set piece taker. I've captained most of my teams and lead by example.

I think I would be great for an American program because I am a good listener and like to take on coaching information both technically and tactically. I am strong academically and want to carry on my studies to degree level. I am friendly, confident and a great teammate. I also have good knowledge of what college is like due to my sister being at a US college, and it is my dream to also go to an American college.

PERSONAL PROFILE

My favoured position is at a cam or a cdm however I am comfortable playing in a range of positions such as as a right back. I would say my key strengths are that of my dribbling, or my eye for a pass as well as good decision making and able to read the game and adapt to what the games need. However a weakness being is I am smaller however I have combat this by working on plyometrics as well as strength training so that I am able to win headers and I am able to win headers. Throughout my career I have played a wide range of positions and formations so I am able to understand a system well. I have played football for since I was 4 and played at various levels including cat 3 academy football and at men step 5.

My name is Lucas Giacomini I am a 6'4 center back/ left back. My preferred foot is my left even though I'm confident on each. I think I would be a good fit in your roster as I am a leader on and off the pitch, I believe that bringing me into the team will bring, aggression, comfortably on the ball and versatility playing as a left back, center back or even playing in the middle. I will provide my heart and body to win with the team. I believe bringing in an English center back will add aggression and heart which I feel is so strong and vital in the English game and we have been taught this since young.

CM would be my preferred position.

I have great pace and work rate and I consider myself excellent in the air with good decision making and distribution as well as a combative nature that makes me strong in the tackle and a natural leader.

Throughout my career at all the levels I have played I have a very good goal scoring rate and I do not believe I have failed to score at least 10 goals in a single season regardless of what position I have played.
